## Art Welcomes Inclusion through Innovative Technologies

## Augmented reality additions in Craft Corner Helsinki in July 2023

Design Association Modus arranged training for Artwin Partners. heritage actors and museum professionals in March 2023 in Tampere. During this training, there were handson workshops on how to create more accessibility in exhibitions, by using different apps, like the <u>Halo Ar app</u>.

Modus created AR elements (voice and process videos) for its 8th Crafts Biennale Vapaus/Freedom. The exhibition opened in April in Tampere, and has now traveled from Finlayson Area to Helsinki, where it is displayed 1. -30.7. in the <u>Craft Corner Gallery</u> in the very heart of Helsinki. The Craft Corner is part of the national Crafts Organisation <u>Taito's</u> resources.
